

Rural Parish Clinic of the Archdiocese of St. Louis

TOILETRY DRIVE

The Rural Parish Clinic provides free medical and dental care to uninsured individuals in rural Missouri, regardless of faith. By removing barriers like distance, time, and cost, we help people live healthier lives and strengthen their communities through the compassionate care of Christ.

We are collecting toiletries to help meet our patients' most basic needs. Many of those we serve struggle to afford essential items that are vital to health, dignity, and well-being. **Your donation will be a small act of care that makes a big difference.**
